Subject: QTSspace workshop "Fundamental Quantum Physics and Applications in Space" (eVote)

Dear Friends and Colleagues,

I am writing to propose one further QTSspace activity during this Grant Period.

Title: Fundamental Quantum Physics and Applications in Space
Place: Egry József str. 20-22, H-1111 Budapest, Hungary
Dates: 30.03.-03.04.2020

The five-day workshop aims to bring together all communities targeted by the COST action QTSspace on Quantum Technologies in Space: atomic clocks, cold atoms, optical quantum technologies, quantum optomechanics, and high-mass matter-wave interferometry. In addition to invited talks on these topics within a space-based setting, opportunities for contributed talks and posters will be created. In order to address the milestones and deliverables of QTSspace, there will be dedicated sessions on the four working groups of the action: WG1: "Fundamental Science Studies", WG2: "Applications", WG3: "Proof-of-Principle Experiments", WG4: "Implementation".

Organizers: L. Diósi, R. Kaltenbaek, G. Tóth, H. Ulbricht, W. Wörner, A. Xuereb

Proposed budget: 39.925 Euro

Breakdown of costs:

- Accommodation: 80 Euro/night (max 6 nights).
- Travel: max 350 Euro (exceptions are possible, under prior approval of the Action Chair).
- Meals as per COST rules.
- Local transport and taxi as per COST rules.
- Local Organizer Support: 3000 Euro

I am writing for your approval. As usual, no reply means that you accept.

Deadline for voting: Wednesday 19th December 2019.

Thank you and kind regards,
Angelo

Subject: Result of eVote of 12th December 2019 - QTSpace workshop "Fundamental Quantum Physics and Applications in Space"

Dear Friends and Colleagues,

I received no objection to the eVote of 12th December 2019, it is unanimously approved.

Thank you and kind regards,
Angelo
